Description

Here is a rather rare model of school pencil case, indeed, if we sometimes find variants with this inscription "Pens and Pencils", this model is not at all common. In addition to this inscription in a shield, here is a decoration of music papers, notebooks and other compasses. At each end, a stork, symbol of good omen. On the front wall on the right side, a beginning of breakage not visible on the other side, perhaps a small manufacturing defect.
