Description

Gae AULENTI (1927-2012) Coffee table model "Tavolo con ruote" for Fontana Arte with square top in translucent glass on four industrial wheels in metal and black rubber. Accident at one corner (can easily be hidden with covers or corner protectors) and small chips on one side.

Dimensions: H 25 cm and 120x120 cm The Tavolo con Ruote table, designed by Gae Aulenti for FontanaArte in 1980, is a coffee table that plays with industrial aesthetics and modern minimalism. For her table, Aulenti was inspired by the industrial trolleys used in the FontanaArte factory to transport glass. She replaced the wooden shelf of the trolley with a thick sheet of glass and combined it with large industrial freewheels. Tavolo con Ruote is perfect for spaces where you need to move the coffee table
