Description

Magnificent vintage necklace inspired by Art Nouveau in 750/00 yellow gold (18K) with a finish that evokes a slightly aged look, enhancing its antique and precious character. It is adorned with delicate scrolls and stylized leaves, recalling the natural curves of plants, adding a sophisticated and romantic touch. Small pearls are harmoniously integrated into the design, adding a soft contrast with the gold. They are symmetrically placed along the necklace, with a denser cluster in the center, drawing the eye to the V-shaped pendant which features more pronounced botanical details. The pearls accentuate this section, giving a luxurious effect and adding a dimension of depth. Let yourself be captivated by the timeless elegance of this necklace.
