Description

Elegant Directoire period property entrance in perfect condition, ready to install. This set includes a 340 cm opening gate with a height of 240 cm, with a frame section of 30 mm² and a bar diameter of 20 mm. Its original toads are provided and the gate fixing brackets have been forged identically. The pair of pillars, in Lucenay stone (Rhône), with a section of 40 x 50 cm is supported on either side by 150 cm long fence gates. The pillars at the ends, with a section of 25 x 50 cm, are made of the same stone. The latter were attached to the property's perimeter wall. We supply the stone rubble from Saint Cyr au Monts d'Or, of the same stone as the copings with a height of 70 cm, to fill the remaining 57 cm, for both faces, 50 cm thick, see our last photo. You
