Description

COD: 10926 Oriental sculpture from the mid-20th century. Finely carved and crafted exotic wooden object depicting a warrior on horseback and a character (behind him), of good quality. Sculpture made from a single wooden block, of good size, ideal for inclusion in a collection of objects. For antique dealers, interior designers and collectors of oriental art, finished sculpture richly adorned with numerous details. It shows some signs of aging and small defects (see photo at the top). Structurally sound, overall in a fair conservative state. As each of our articles will be accompanied by a certificate of authenticity and guarantee as well as photographic documentation.
