Description

This painting, measuring 1 m x 1 m, is a work by contemporary artist Eric Guéna. It is distinguished by the subtle use of textures and soft colors, dominated by gold and blue tones, which create an atmosphere that is both ethereal and meditative. It shows a human figure, probably a child, with its head tilted and its hands stretched out in front, in a posture that evokes a quest or contemplation. The pale face and clean features contrast with the rich background, made of yellow and blue shades, punctuated by geometric patterns in the lower part of the painting. The work exudes a feeling of aspiration and mystery, reinforced by the worked texture that gives depth to the composition. The delicate touch and chromatic choices bring a poetic dimension to this scene. This captivating piece
