Description

Exceptional gouache project for the poster of the 1961 Motor Show at the La Défense roundabout from October 1 to October 15. On a matte black background, using the tricolor colors, the artist represented on a white background the view of a stylized engine and the profile of two opposing cars as if by a mirror effect. One orange-red, the other light blue to French blue. The text below attracts the eye with its strong yellow color. Unfortunately, poorly stored, it has humidity stains from rubbing and a lack.
Would deserve a beautiful restoration or to be presented as is under a glass plate.
Height 118 cm - width 79 cm
