Description

Splendid and elegant gilded wooden coffee table, in neoclassical style. The rectangular top with circular sides is enriched by a refined fabric covered by glass, which gives further charm to the piece of furniture. The decorations, inspired by the neoclassical style and present in the band under the top, are characterized by plant garlands that give a touch of majesty to the table. The shapely legs, also enriched with vegetal details and with an onion ending, contribute to giving a timeless elegance. Stability is also ensured by the band that joins the legs to the base. This coffee table, of Italian manufacture from the end of the 19th century, is certainly capable of embellishing any environment with class.
