### Description

This is an old process enhanced in places on a work by Maurice Utrillo entitled L'Eglise Saint-Pierre de Montmartre sous la neige. It is very misleading, one could think of a real Utrillo, the whole is framed in its original gilded frame with a fabric mat. The whole has remained fresh, note some foxing spots on the gouache. Sold uncleaned, as is. For the condition, please detail the photos. Do not hesitate to zoom. The photos are an integral part of the description.
