### Description

A charming work from the end of the 19th century, in wood and in soft colors, which comes to us from the island of Lerins in the south of France. Naïve and touching expression of faith. Our votive niche topped with an arrow has a scalloped base. It houses an older statuette of the Virgin in prayer, dominating a parterre of flowers. Dimensions of 73 cm in height by 36 in length and 23 in depth. Good condition - lack of polychromy
