

750°/°° Yellow Gold Brooch "eagle"

490 EUR

Period : 20th century

Condition : Bon état

Material : Gold

Description

Late 19th/early 20th century 18k yellow gold (750/1000) bar brooch. This brooch was made using the stamping technique. Stamping is an ancient technique widely used in the jewelry and fashion industries for over a century due to the precision and durability it imparts to the pieces produced. Weight: 3 g. This type of brooch was often used to attach an embroidered linen collar to a simple dress, adding a touch of elegance.
