

Empire Woodwork Trumeau

1 280 EUR

Period : 19th century

Condition : Etat d'usage

Material : Gilted wood

Width : 139

Height : 162

Description

Rare and spectacular Empire style woodwork trumeau in wood and gilded stucco, with four twisted columns with Corinthian capitals. The central part is topped with a panel of Apollo's chariot. It is framed by glazing beads surrounded by twisted columns with Corinthian capitals and topped with square columns decorated with gilded palmettes surrounding a reserve also decorated with palmettes. The whole rests on a plinth. Small losses and restorations of use.
