### Description

Rare pitcher vase in black enameled earthenware, yellow interior by Pol Chambost, numbered 2000. Circa 1955. Signature "Poterie Pol Chambost" engraved under the base. Perfect condition. Height 30cm. Diameter 14.5cm at the neck, 12cm at the foot. Pol Chambost (1906-1983) A trained sculptor, Pol Chambost chose clay as his plastic expression from the 1930s to the 1980s. A Parisian ceramist, he explored multiple facets of creation, from the unique object to the small series. As such, he is one of the spearheads of the Chambre Syndicale des Céramistes d'art de France. The curvilinear flights of his ceramics with their sensual, daring but also traditional visions, reveal to us the passion of an artist for beautiful, useful and decorative objects.
