

Maurício Klabin Eclipse Table Lamp Moma Collection 1982 - Signed Moma Nyc

249 EUR

Signature : Maurício Klabin

Period : 20th century

Condition : Bon état

Material : Metal

Width : 37

Height : 37

Description

Created by Mauricio Klabin, elevated to the rank of design icon by entering the collection of the famous MoMA in New York. Made from a single strip of plastic rolled up on itself, the structure can be manipulated to change its shape and the direction of the lighting. The metal feet are equipped with small pads to hold the lamp in different positions, and can also be removed to obtain a suspension. Dimension: 37 x 37 cm
