Collection, Rare Thread Winder And Thimble Holder In Solid Ebony And Bone From The Napoleon II

430 EUR

Period : 19th century
Condition : Parfait état
Material : Ebony
Diameter : 7 cm à la base
Height : 12 cm

Description

A rather unusual collector's item, a solid ebony thread or wool, string, etc. reel turned into a barrel shape and decorated with "bone" plaques and pellets decorated with brass rivets.
The top is decorated with a nipple-shaped grip.
The upper part unscrews to open onto the original wooden spool around which the thread is wound, and which supports a thimble.
This beautiful barrel rests on a base that is also decorated.
The whole is in perfect condition and working order.
A beautiful work of a turner or sailor from the Napoleon III period.

A luxurious solid ebony reel, a beautiful collector's item.
