

Pair Of Vases On Bases

4 500 EUR

Period : 20th century

Condition : Parfait état

Material : Stone

Diameter : de la base 74 cm

Height : 194 cm

Description

Today we present this exceptional and spectacular pair of important Medici vases, each raised by a base. The total height is 1.94 m and each of the vases measures 1.33 m overall. This set is in three parts, the body of the vase being independent of its pedouche, it is reconstituted stone. Note the decorations on the vases, very good condition, these vases come from a very large property, no delivery to be taken on site. On the other hand we can bring a company with a lifting machine that could place them delicately on a truck bed. Cost of the operation 150 Euros extra. These vases are in perfect condition. (E24)
