Description

Remarkable composition with a multicolored bouquet. The touch is impressionist, the central subject is slightly off-center to liven up the scene with draping in bright colors which breaks with the dark backgrounds of the 19th century.

Great mastery of the hand of a great painter rare on the market whose multiple presence in museums is eloquent.

Oil on cardboard panel in perfect condition. Old frame with original patinated gilding in beautiful condition.

Panel: 38 x 55 cm Frame: 50 x 67 cm
