Description

Very interesting ladybug-shaped pendant adaptable as a brooch, thanks to the two invisible attachment methods made for these two uses.

Silver jewelry, hallmark 925/1000, set with 16 citrines of approximately 8k and 8 peridots of approximately 5k, all cleverly organized on the body of the insect which makes it a sparkling jewel. The weight of this jewel is 15.90 gr gross for a height of 4.2 cm, a width of 3.5 cm, and a thickness of 2 cm. Hallmark on the back on the belly. It will have as much effect on the lapel of a jacket as worn as a pendant on a neckline. Very good condition of use and conservation, new condition, never worn, see details on the photos.
