### Description

Large lighting ball 23 cm in diameter in molded-pressed glass decorated with geometric figures " diamond tips " in matte satin glass. It ends at the bottom with a star-shaped pattern. Superb "cage" mount decorated with stylized flowers in hammered wrought iron with an anthracite patina called "gun barrel" and glassware with a very beautiful relief ! It holds the ball thanks to three large original hammered tightening balls. The chain includes not only round rings but also, which is unusual, three elongated rings, each more than 10 cm long. Superb hammering work on the hand-forged iron. The cover - bail is made of smooth iron, probably replaced. Around 1930. Re-electrified. Dimensions: Total height: approximately 94 cm (adjustable by removing links) Diameter of the
