Description

I offer you this relatively rare print, published by the art circles in only 1000 copies only and definitely for the leaders of the communist party for a congress in 1964. Note that I have already had it and sold it, a few years ago the one belonging to Roger Garaudy and also note that the copy of Thorès appears after donation in the funds of the city of Evry. It could be the portrait of Karl Marx. This print was framed so a slightly marked border and traces on the back of brown color of which I cannot define the provenance.
