### Description

Very pretty little trumeau from the 18th century with a very nice hunting scene! In its original condition! Old patina, wooden frame regilded over time by the former owners of the castle. Visually very pleasant to look at due to its proportions and soft colors and its period! Size 1.37 m x 64 cm. Canvas: 93x58 cm. Glass 58x38 cm. Superb and rare!
