

## Egyptomania 19th Century Damascene Bronze Photo Frame

120 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Width : 9,5 cm

Height : 12,5 cm

### Description

Egyptomania was a form of passion for Egypt and its culture that was integrated into that of the West. Thus, a photo frame with hieroglyphs cannot be a better example to illustrate these words. Inspired by Egyptian forms, this photo holder is damascened with a black patina and therefore covered with hieroglyphs.

Dimensions for the photo 5.3 x 7.4
