Description

Rare mirror sculpture by the Quimper ceramist and painter Guy TREVOUX (1920-2011).

Guy Trévoux has always pushed the limits in his work, such as when he "marries" ceramic and glass. The result is astonishing, as in this piece where the glass gives a translucent effect to the enamels.

A large part of the pieces created using this process were destroyed in an accident during transport before an exhibition. An unusual piece therefore.

Beautiful dimensions with 75 cm high x 46 cm wide.

In very good condition.
