

Pair Of Chinese Vases Song Period 10th/13th Century

1 800 EUR

Period : Before 16th century

Condition : Bon état

Material : Sandstone

Diameter : 17cm

Height : 26cm

Description

Beautiful pair of slightly cracked white china vases from the Song period, dating from the 11th/12th century. In very good condition, despite a few small chips without any restoration. Very pretty shape. One bearing the label of the great merchant Pierre Saque, rue St Georges, a specialist in China and who supplied museums during the first part of the 20th century...
