Description

Rare pair of 18th century oils on canvas depicting still lifes with fruit on entablatures. Beautiful painting technique and great skill, among other things, in the depiction of the half-peeled lemon and the melon. On their original canvases. 1 accident (hole) on one canvas, easily repairable. Cleaning by a professional would lighten them and bring out the orange tones of the fruit even more. 19th century frames to be cleaned. French School of the 18th century.
