### Description

French work 1921, Set of 4 Art Deco stools, mahogany veneer wood upholstered in leather. small accidents. We are here with these stools at the beginning of Art Deco, even if it began in 1900, its development stopped abruptly because of the First World War. These stools fit perfectly into the Art Deco style with pure, straight and geometric lines echoing Cubist painting. Note that at the time we spoke of Cubist art for furniture too.
