Description

Magnificent gouache on engraved lines from the 18th century, representing a dancing Chinese man in an extreme oriental decor, in the spirit of Jean Pillement. A charming work, made with great finesse, in subtle colors. Perfectly illustrates the taste for exoticism of the Louis XV period. Good general condition, with just a few traces of humidity on the right side on the edge of the scene represented. A small tear in the lower right corner. Framed with a golden rod.
