

Moscow 1829, Solid Silver, Teapot, Vermeil Interior

900 EUR

Signature : Non identifié

Period : 19th century

Condition : Très bon état

Material : Sterling silver

Description

Lovely solid silver teapot dating from the time of Tsar Nicholas I. It is rectangular in shape and is in perfect condition. On the bottom are the hallmarks for solid silver of 875% fineness, the Moscow hallmark, the assayer's hallmark for the year 1829 and the master silversmith's hallmark which I have not yet identified but which is perfectly legible. It weighs approximately 400 grams.
