### Description

Here is a coffee table signed Christian Liaigre (1943-2020) French designer and interior designer. The Liaigre style is based on a modernity founded on the classic foundations of the history of furniture. No stylistic effect but a luxurious simplicity, an aesthetic of purity that expresses a taste for refined detail. This coffee table is made of chestnut logs, curved at the base, it is very brutalist, it has a Japanese side. We report classic wear and friction on a table that has been used for 30 or 40 years. It remains in good general condition. We will not deliver by post for this type of item that is too bulky but we work with carriers, please contact us for a quote. Our many photos allow you to appreciate the quality of the table. For the condition, please detail the photos. Do not hesitate to zoom in. The photos
