Description

This magnificent set includes a fruit bowl and two cups with saucers, made of earthenware decorated with a luxurious gold projection decoration. These pieces are the work of artists Jean Mazeau and Jean Faverot, members of the Ateliers de Céramique de Sèvres (MF), dating from around 1950. Their refined design, combined with the brilliance of the gilding, reflects the timeless elegance of the ceramic style of that period. The Ateliers de Céramique de Sèvres (MF) were known for their role in the perpetuation and modernization of ceramic techniques in France in the mid-20th century. The artists Jean Mazeau and Jean Faverot, who collaborated on these pieces, left their mark on their era with their innovative approach and mastery of techniques, particularly gilding, a
