Description

This Virgin and Child is full of emotion, it is a wood carved in the mass, it is a beautiful technical feat. The base was voluntarily left raw, the rendering is rather interesting in particular in the gaze and the face of the Virgin. There is a lot of softness and poetry in this Virgin. We report defects, visible in our photos. Cracks in particular at the level of the arms of the child Jesus and on the Virgin at the level of the arms also, perhaps a lack on the side at the height of the arms or the result of the sculpture in the mass, the whole is raw in a suitable state. We will not make delivery by post for this type of too fragile article but we work with carriers, thank you for contacting us for a quote. For the state, thank you for detailing the photos. Do not hesitate to zoom. The photos are an integral part of the description.
