Description

This vase from the 60s is a real sculpture, it weighs a significant 5.9 kilograms. It is a work of Murano with a pretty free form, you will notice a block of glass that goes into a white background, the interior is blue, orange and red background, perhaps a name behind this creation. We report friction and slight micro-scratches, a line, a blister, bubbles which are probably cooking defects, however it is in a beautiful general condition and will have its effect in a vintage interior. Sold uncleaned. For the condition please detail the photos. Do not hesitate to zoom. The photos are an integral part of the description.
