Description

Unfortunately not born in the period that it seems to represent, in my opinion. Here is a beautiful pewter dish or bowl. The center, with multiple engraved borders, stars, foliage and a row of pearls, hosts a wedding armorial with two coats of arms. High border decorated with foliage and stylized stars and marked and hallmarked bottom, probably Douai, but I do not know how to identify the pewter hallmarks.

Good general condition, no break or flaw, a little wear, without gravity.

European working, probably French, dating, in my opinion, from the second part of the 19th century.
