S. honoré n° 251". The back of the blade is signed "Frères Weyersberg à Solingen". All these decorations and cartouches are gilded with a blued background. Blade length 92 cm, width at the heel 2.7 cm, thickness 8 mm. Black patent leather scabbard with three gilt bronze fittings framed by moldings engraved in relief with foliage. Olive-shaped steel dart with rivet. France. Restoration. Near new condition, high-quality gilding NOTE: This sabre model is very rare. It was often copied at the end of the 19th century. This example is one of the rare originals that have come down to us with its original first model leather scabbard.
