### Description

VALENTIN (Louis) - Results of the inoculation of the vaccine in the departments of Meurthe, Meuse, Vosges and Haut-Rhin. Preceded by a preliminary speech, and followed by those of the vaccination on various animals. A glance at the cultivation of some exotic plants in the southern departments of France. Extract from the memoirs of the Academy of Marseille. Note on the opossum and on some animals with a purse. Note on charitable and welfare establishments and on hospitality in the United States of America. Nancy/Strasbourg, Chez Haener et Levraut, 1802; in-8, 96 + 50 + 20 + 21 pp., binding in half brown calf, smooth spine, title piece in red morocco, marbled edges. Favier 8692, Noël 5648. Valentin's texts following the one on the vaccine were all published in Marseille in 1811.
