materials, combining glass with copper, mineral pigments and bronze, which gave rise to unique designs such as the Culbuto crater lamps and the Patchwork wall lights.

His creations are often associated with nature, reflecting his artistic heritage from his father, the painter Luigi Zuccheri. He remains an important figure in the history of Italian design, recognized for his technical innovations and creativity in the design of glass objects.

I manage delivery for you in France as well as internationally. The shipping terms depend on the delivery address, do not hesitate to contact me to know its amount and prepare its organization. I take particular care in the protection and packaging of each object of art.
