Pair Of Portraits Of Young Women Pastel

340 EUR

Period : 19th century

Condition : Bon état

Material : Pastel

Width : 40cm

Height : 51,5cm

Description

In the style of 18th century works, here is a pair of portraits on canvas that are quite decorative, the frame is from the late 19th century. The dating of these pastels leaves me uncertain, either from the Napoleon III period or older? To be assessed
