Description

This is a fantastic collector's item, perfect for both vintage and fashion lovers! We present to you a tailor's mannequin made in the mid-20th century in Italy. The frame is made of elegant chromed metal, while the body is constructed of wood and papier-mâché, showing a mix of durability and craftsmanship.

What sets this mannequin apart is its extraordinary adaptability, designed to fit a variety of sizes and needs. The internal mechanism allows for precise adjustments to the woman's body, including the ability to change the position of the breasts. This innovative feature has allowed tailors to create dresses with exceptional precision for women of all shapes and sizes. Notably, the system has been patented in
