

18k White Gold Ring With Cognac Diamond And White Diamonds

2 400 EUR

Period : 20th century

Condition : Parfait état

Material : Gold

Description

You are describing an 18k white gold ring adorned with a combination of remarkable diamonds, making it precious and elegant. Here are the details of this piece: Metal: 18kt (karat) white gold, offering a refined and timeless shine. Gold weight: 7.0 grams, a substantial weight that ensures strength and comfort. Gemstones: White diamonds: 0.46 carats in total, adding a luminous shine. Cognac diamond: 1.12 carats, characterized by a warm and unique hue, which gives it a touch of originality. This ring seems to be a sophisticated piece of jewelry, combining the modernity of white gold with the exclusivity of cognac diamond. If you are looking for a price estimate, a piece like this will depend on factors such as the clarity of the diamonds, the quality of the setting and the associated brands.
