Depth : épaisseur de la boîte: 1,27 cm

Description

Chronograph watch signed OMEGA, DYNAMIC model in steel, dating from 2008. This aviator's watch refers by its aesthetic to the watches of the 40s, with its black dial, phospho-style numerals and hands, and its moderate size of 38 mm in diameter without the pushers. Its black dial in perfect condition contrasts with the steel, with a subtle shine because finely brushed on both the case and the bracelet. This watch is "full set", that is to say that it is accompanied by its original box, its papers (including warranty certificate), two additional links, and pouches. The watch is signed, on its dial, in its case back, on its movement and its folding clasp. In perfect condition and revised, its proper functioning is guaranteed by us for one year (except in the event of shock or immersion). A modern watch in
