Beautiful and large vase decorated with nasturtiums by Daum, circa 1910. A very beautiful vase, entirely acid-etched with floral decoration of intense red nasturtiums on a cloudy honey background. The decoration is rich and rotating, many flowers with these round nasturtium leaves. Pretty curved shape on a pedestal and slightly open neck, very elegant. Perfect original condition, 52 cm high, signed with the coat of arms on the side, circa 1910. A very beautiful art nouveau vase, beautiful presence and pretty colors
