2 900 EUR

Period : 19th century

Condition : Très bon état

Material : Gilted wood

Width : 72 cm

Height : 111

Depth : 75 cm

| Description |
|-------------|
|-------------|

Pair of large and generous gilded wooden wing chairs, carved with musical attributes. This is a late 19th century manufacture, in the Louis XVI style. They are covered with orange-yellow velvet fabric and have a seat cushion. The gilding is in fairly good condition, slightly patinated, with a few discreet chips. The tapestry and upholstery are in very good condition, no stains or signs of wear.
