

Foo Dog

750 EUR

Period: 19th century

Condition: Etat d'usage

Material: Ceramic

Length: 46

Width: 45

Diameter: 24

Description

The Shiwan Kilns were located in the city of Shiwan in Foshan Province, Guangdong. The area has a long history of ceramic production, which reached its peak during the Ming and Qing dynasties. This pottery lion has a pair of horns on its head, bulging eyes in different directions, and a ball stuck under one of its front paws. It is both vivid and lifelike, and is a wonderful example of Chinese folk art.
