Description

Still Life with Plums, Raspberries, and a Peach on a Mossy Bench is an oil on canvas painting by Oliver Clare, a British painter renowned for his detailed still lifes. Dated to the late 19th or early 20th century, this work perfectly illustrates Oliver Clare's talent for capturing the simple beauty of nature with striking realism.

This painting features a harmonious composition of ripe plums, vibrant raspberries, and a velvety peach resting delicately on a bed of moss. The background is embellished with foliage and touches of light, creating a serene and intimate atmosphere. The striking realism of this work is evident in the precise rendering of textures: the softness of the fruit's skin, the freshness of the foliage, and the sheen of the dewdrops, which

seem almost palpable. The dimensions of the canvas (8.2 x 10.2 in., unframed) attest to the intimate nature of this still life, which was designed to be admired up close.
