Height : h. 40 cm

Description

Pair of gilded bronze candelabra from the mid-19th century, all worked and chiseled with four flames enriched with floral and leaf decorations always made of gilded bronze with the final part of the candle holders depicting ram heads, which make the upper part of it of great scenographic effect. Supported by a column resting on an allabaster marble base enriched with bronze applications where the three feet worked in a curvilinear way in the upper part of it are depicted as satyr heads.PERIOD Mid-19th centuryDIMENSIONS L. cm 18 x H. cm 40CONDITIONS Excellent state of conservation
