Louis XV period cupboard doors exceptional in their dimensions : height 332 cm width 182 cm including frame

They equipped the entrance vestibule of an 18th century mansion in the famous town of Condom in the Gers (South West), see photo 7.

The doors are in very good condition, without structural defects, elegant with the fine frame uprights and the generous arched high crosspiece.

They are rigid and solid.

Remarkable decorative element to replace in a room of great height. Lots of soul and authenticity.
