Description

A beautiful 1810 iron and bronze door set comprising a knob, a knocker and a large lock and its key decorated with its cremone bolt and latch. This beautiful and rare set dismantled from the entrance of an imposing mansion door, dismantled with the support of the rest of its jamb gives you an idea of how to reuse this marvel from the very beginning of the 19th century; the generous button with its flange with the beautiful patina of the bronze of time, the complete ring knocker with its tambour and its flange skillfully crafted in a cast iron and retouched with a remarkable patina of time like the cremone of the interior with the decorated case, the wrought iron rod and its articulated hook which joins the lock, where the generous latch on its scalloped plate, the nuts and mounting screws are present the
