

Imposing 18th Century Wooden Top Dining Table With Louis XV Style Base

2 560 EUR

Period : 18th century

Condition : Bon état

Material : Solid wood

Length : 216

Height : 73.5

Depth : 115.5

Description

This dining room table is an exceptional piece of unique furniture. The wonderful 18th century wooden top was reassembled in the 19th century on a rustic Louis XV-inspired base in the movement. The top is probably an old 18th century billiard table from which the velvet has been removed. The top is removable from the base. Superb table that can comfortably accommodate 8 people. France - 18th and 19th century
