### Description

Nice trompe l'oeil effect for this oval view photo frame nestled in this painter's palette presented on an easel. The whole is carved and stained wood, behind the palette there are painter's brushes, the easel offers a raw wood effect with its bark. The palette with rounded softness is decorated with a branch of rose bushes in relief. The back foot is in bronze, probably to give more solidity to this beautiful set.

Dimensions of the oval 5.5 x 9 cm
