Description

ADRIAN HELMET OF A SOLDIER IN THE 3RD ALGERIAN TIRAILLEUR REGIMENT, model 1926, Second World War. 28594R Steel helmet with a slightly oval spherical bomb, a visor and a neck cover; on the top, a duralumin crest with two ventilation slots on the sides. Matte khaki paint covering the entire bomb. Front badge of artisanal manufacture in stamped and cut steel showing a crescent surmounted by the number "3". Inner headdress of the second type, made of a headband and six wolf teeth in blackened leather, each pierced with an eyelet for the passage of the tightening lace. Headband in khaki fabric forming the turban. Leather chinstrap. France. Second World War. Worn helmet in good condition. Accident to the leather of the headdress.
